STUDENT HANDBOOK INTERPRETATION

The student handbook has been prepared as a guide and is not meant to be all inclusive of all "school policy." Interpretation of items in the handbook and those things that are not in the handbook shall be the responsibility of the building principal. **The policies in this handbook apply to MHS students during school hours and at home and away school sponsored activities.**

CLASS REGULATIONS

USD #423 will provide and promote classes which will foster students' unique abilities and needs. The needs of students will be carefully analyzed; their studies and credits will be arranged for within the graduation requirements. A student may enroll in college classes through a college or university at his/her own expense. Students may enter their college record on their high school transcript and receive dual credit. Such credit shall be counted as high school credit for purposes of calculating grade point averages and class rank. For the purposes of equating college credit to high school credit hours and in determining that a student is full time in his/her total schedule, the following ratio will apply: 5 college hours = 1 unit of high school credit; 3 college hours = .5 unit of high school credit.

EARLY GRADUATION

A student may complete the requirements for graduation from grade twelve as early as the end of the seventh semester. In order to complete requirements for early graduation a student must meet these requirements:

1. Complete the regular graduation requirements.
2. Prior to the beginning of the semester of anticipated completion of graduation requirements, submit a formal written request to the Board of Education stating reason for early graduation. Parent or the legal guardian of the student must submit a letter for support of student's request.
3. Reasons for early graduation would include advanced education at an earlier date or undue hardship on a student by remaining at school, such as financial need for a job or marriage.
4. A conference with the student/parent/counselor shall be held prior to approval.
5. No diploma shall be issued until the regular graduation date. Students who take early graduation are permitted to participate in graduation exercises providing they notify the principal before the end of the seventh semester. They must participate in graduation practices and must conform to all rules and regulations set forth for other graduating seniors.
6. Students who graduated early are no longer considered a Moundridge High School student. They will not be eligible to participate as an MHS student in any extra-curricular activities, school activities and any other activities associated with the senior class, including prom. Student's rank in class will be determined by their seventh semester average.

CLASS LOAD/CLASSIFICATION

Seven units will be considered a normal load. Seniors attending the Vocational Technical Area Schools will be required to be in attendance at the Senior High School at least three periods. Only seniors can be a teacher's aide. The teacher aide will be given a Pass (P) or Failure (F). The P or F will not be included in the GPA but will still receive a unit of credit. Students may only be a teacher aide 1 hour.

Seniors will also be allowed in the community under an approved vocational OJT (on-the-job-training) program. This course will be given a grade. Students who wish to enroll in an OJT program must also be enrolled in a corresponding course in that program at MHS. Graded classes will be included in the GPA. Seniors may enroll in OJT and teacher aide for a maximum of 3 hours. Any exceptions to any of the above must be approved by the principal.

Students are classified according to the number of credits completed. Sophomores 6, Juniors 12, Seniors 17. No exceptions will be made.

HONOR ROLL/HONOR GRADUATES

Moundridge High School students who are enrolled in three or more credits per semester are eligible for the following honor rolls. Honor rolls are compiled for each nine-week grading period and semester. The honor roll will be determined on grade point average of the student's numeric grades. If you wish not to have your name published in the school and local papers, you must notify the office.

Honor roll standards are:

1. Superintendent's Honor Roll 4.00
2. Principal's Honor Roll 3.5 and above GPA
3. Honor Roll 3.0 and above GPA
4. Students may not be on an honor roll with a D or F.

Honor Graduates: Seniors who achieve a cumulative Grade Point Average of 3.5 or better will be recognized as an honor graduate. Honor graduates must have 4 years of credits to be considered.

VALEDICTORIAN AND SALUTATORIAN AWARDS

Valedictorian and Salutatorian awards will be awarded to the top two numeric averages in the senior class based on a 4.0 scale. To be eligible for Valedictorian or Salutatorian awards student must attend Moundridge High School for his/her final two semesters. They must also have completed the following course work:

1. Four units of English
2. Three units of social science
3. Three units of laboratory science
4. Three units of mathematics
5. One unit of physical education
6. One unit of foreign language
7. One unit of computer
8. One unit of fine arts

GRADING SCALE and REPORTING OF GRADES

Grading Scale: Numeric 65 to 100. 90-100

0=A, 80-89=B, 70-79=C, 65-69=D and 64 or below = F.

Grade reporting for students 9-12 will be issued four times per year via student backpacks (or daily on PowerSchool website). Parents are urged to attend both Fall and Spring parent teacher conferences. Spring Conferences are personally scheduled with our students and their parents to discuss their Personal Plans of Study and their future goals and direction.

PROGRESS REPORTS

In an effort to help students and parents, status reports of school-work will be given to students to take home to parents at least once during the nine-week grading period. This will help the student and his/her parents know where the student is having difficulty in time to correct it before the end of a nine-week period. MHS also encourages all parents and students to get a PowerSchool account to check on their students' grades (PowerSchool.usd423.org/public)

INCOMPLETES

IP or in progress course requirements must be removed within one week after the first and third nine weeks grading period or the grade will be changed to "F" on school records. There will be no incompletes at the end of the semester or school year, unless unforeseen situation exists. If course requirements are not met at that time the grade will be changed to "F" on school records. Students who accept IP grades will be ineligible for the Honor Roll for that grading period and also for extra-curricular activities until it is changed.

SEMINAR

The first 10 minutes of seminar are reserved for silent reading time. The remainder of seminar is a time where students have the opportunity to read for enjoyment, receive additional help, work on class projects, make-up work/tests, work on assignments, and attend school organization meetings.

COUNSELING SERVICE

The counselor's office is located in the main office area. If students want to see the counselor during class time they should ask their teacher. Services available through the counseling office include:

1. Personal Counseling Dealing with any personal matter of concern to the student.
2. Educational Counseling Regarding anything about a student's high school education and planning for education beyond high school. This includes not only college, but also vocational school and military service opportunities. Scholarship and financial aid for education are also included.
3. Vocational Counseling Includes placement of students in part-time jobs during school and advisement for students planning to go directly to work after graduation from high school.
4. Evaluation Group and individual tests are administered, scored and interpreted on a regular basis. Students participate in national programs such as ACT and National Merit Testing.
5. Library the counseling center has a library of vocational materials, college catalogues and scholarship information available to all students.
6. Parents the counselor is available by appointment for conferences. Parents are encouraged to call the school counselor if there are any problems to be discussed regarding a student or performance at school.

SCHEDULE CHANGES

Changes in a student's schedule will be made in the office. After the designated window of change, students will not be allowed to change classes unless approved by Administration.

ATTENDANCE

Regular school attendance is important for developing a positive teaching-learning atmosphere and for developing work habits that fit the working world's demands. Every student should be in attendance every day school is in session. To allow for exceptional circumstances, the following attendance policy will be followed:

A. Definitions:

Absence for class period—a student arrives to a class which has been in session more than 10 minutes.

Full day absence—missing more than four regular class periods or more than two block periods of a school day.

Half-day absence—missing one or more class periods before lunch or one or more class periods after lunch.

Excused absence—an absence in which the reason is considered justifiable. Parents can call with “parent request” for their student.

Unexcused absence—an absence in which the reason is considered unjustifiable.

Doctor's excused absence—an absence that is verified by a note from a doctor.

Extracurricular activity—defined as athletic teams, cheerleading, dance team, forensics, debate (NFL), NHS, scholars bowl, musical/play, pep club, singers, play/musical, student council, pep band, FCA, FFA, and FCCLA. If academic grade is part of extracurricular activity, violation of policy will allow for alternate assignment to replace activity missed.

B. Excused Absences:

All absences will fit in one of these categories:

1. **Doctor's Excused Absences**—When a student visits a doctor for a medical/mental reason, the school needs a note from the doctor's office on office stationery stating that the student is excused from school and the dates the doctor excuses. These days will NOT count as absences toward a student's excused absence count.
2. **Illness**—this includes both illness of a student and illness of another family member in which the student is needed to help care for them.
3. **Advanced Absences**—are those absences that are pre-arranged by parents/students. Examples might include: family vacations, funerals, religious services, sport event, bad roads/weather, etc. Students will be expected to meet with teachers and gather work prior to missing these days.
4. **College visits**—will be considered a school activity. They must be arranged OR reported to the MHS Counseling staff in advance of the visit.

Each student will have 10 days per semester of excused absences. After 8 days of excused absences in a semester, all further absences are considered unexcused unless they are excused with a doctor's note. If a parent believes an unexcused absence is unjustified, an appeal may be made in the following order: principal, then superintendent, then the board of education. Total number of all absences in a school year is recorded on student transcript.

Students and parents are reminded that MHS does have an attendance policy related to participation in after school practices or activities. Students must be in school by 10:00am to be able to participate. The Principal must approve any exceptions to this rule.

C. Format for Excusing Absence:

Parents/guardians are to call the school prior to 8:30 a.m. the day of the absence to report the reason for the absence. In cases of emergency, a note from the parent will be accepted until parent/guardian calls. If on the day of an absence parent makes no contact by 8:30 am, the office will attempt to contact the parents at phone numbers provided.

D. Unexcused Absence:

Any absence for any part of a day in which the school is not notified will be considered unexcused. No make-up work shall be permitted for any unexcused absence and a student may not participate in and/or attend extra-curricular activities after school hours on the day of an unexcused absence. Unexcused absences will have the following disciplinary action:

1. **First unexcused absence:** Student conference with counselor/building administrator will be held to have consequence of next unexcused absence explained. Parents will be notified of unexcused absence and consequence.
2. **Second unexcused absence:** Student will serve one hour of detention, advised on next consequence and parent will be notified.
3. **Third unexcused absence:** Student will receive a 1 hour detention and will be ineligible to participate or attend extracurricular activities until time is served.
4. **Fourth unexcused absence:** Student will receive a 1 hour detention and will be ineligible to participate or attend extracurricular activities until time is served. A truancy warning letter will be sent to parents.
5. **Fifth unexcused absence:** Student will receive a 1 hour detention and will be ineligible to participate or attend extracurricular activities until time is served. Student will be placed on attendance probation, and truancy procedures will be followed including notification of county attorney
6. **Sixth unexcused absence:** which will be a violation of attendance probation will result in a report to the superintendent with the recommendation that the student should be expelled for the remainder of the semester.

TARDY POLICY

Being prompt to school is not only an important habit to develop, it is also good manners. A student is tardy if he/she is not in class according to classroom procedure when the 8:00 a.m. class bell rings. Students more than 10 minutes tardy to a class will be considered absent. There will be no distinctions between unexcused and excused first class of the day tardies. A student will not be counted tardy if he/she has an admit slip signed by a school employee.

A student will be allowed five- first class of the day tardies per semester. When a student is tardy the fifth time in the semester, a letter will be sent to the parents which will contain a copy of the tardy policy. More than five tardies in a semester will result in the following consequences:

- On the sixth through ninth tardies, the student will receive a 30 minute detention and parent will be notified.
- On the 10th or any succeeding tardies, the student will serve a 1 hour detention and will not participate in and/or attend extra-curricular activities; parents will be notified and student will be placed on attendance probation.

Students will be allowed 5 total tardies for hours 2nd-8th each semester. This means that student tardies will be counted as a total number, not as tardies per class. Students will be sent to the office for each tardy in each class. More than 5 total tardies in hours 2nd-8th will result in the following consequence:

- On tardy #6 and all subsequent tardies, the student will receive a 30 minute detention.

PERMISSION TO LEAVE SCHOOL

No pupil shall leave the premises during school hours without permission of the principal granted upon written or telephoned request of the parents or guardian, or for good cause known to the principal and honored with caution. Any student leaving school, or arriving late to school, must sign in/out at the office. Students who leave school without checking out through the office and receiving permission, will be assigned a 1 hour detention.

MEDICATION AT SCHOOL

When prescription or over-the-counter (OTC) medication(s) is necessary for a student to remain in school, a written order or "Permission to Medicate" form signed by the parent and the physician/provider must accompany all medication to be administered by school nurse or trained school personnel. The first dose of medication must be given at home to insure the student has no adverse reaction. All medications are to be brought to the office before 8:10 a.m. in their original prescription containers. At enrollment parents will be asked to okay a select limited stock of OTC medication. If permission is given and need for OTC medication is deemed necessary by school nurse or trained staff OTC medication will be administered up to 3 times within a month. If student exceeds allowed quantity, parents will be contacted and written orders from physician/provider will be obtained. First aid will be administered in the office and parents will be notified immediately in the case of serious injury or illness.

STUDENT IMMUNIZATION

In each school year, every pupil enrolling or enrolled in any school for the first time in the State of Kansas, and prior to admission shall present to the appropriate school official certification from a physician or local health department that such pupil has received or is in the process of receiving and will have completed within 90 days after admission to school, tests and inoculations as are deemed necessary by the Secretary of the State Department of Health and Environment. These tests and inoculations shall be for diphtheria, pertussis (Whooping cough), tetanus, poliomyelitis, mumps, rubella (German Measles), measles (rubella), Hepatitis B and Varicella (chickenpox). As an alternative to such certification a pupil shall present:

1. Certification from a licensed physician stating the physical condition of the child to be such that the tests or inoculations would seriously endanger life or health of such child.
2. A written statement signed by parent/guardian the child is an adherent of a religious denomination whose religious teachings are opposed to such tests or inoculations.
3. A written statement signed by parent/guardian that such tests or inoculations are in the process of being received and will be completed within 90 days after admission to school. (Kansas Statute 725209 as amended. 1978 and Department of Health and Environment regulation 28120)
4. Failure to complete inoculations requirements will result in students not being allowed in school.

BUS RULES

1. The driver is in charge of the pupils and the bus. Pupils must obey the driver promptly and cheerfully.
2. In most cases, the driver will assign a seat to each student. Students in less desirable seats may move to a second seat for added comfort after the passenger load is lightened if permission is first obtained from the driver and if the bus is not in motion.
3. Pupils must be on time; the bus cannot wait for those who are tardy. Bus drivers are required to report all tardy students to the superintendent of schools. If tardiness becomes a habit, parents will be contacted by letter asking that they make sure their children are on time. If tardiness continues, the privilege of riding the school bus may be denied to these students.
4. Pupils must never stand in the roadway while waiting for the bus. All pupils must wait for the bus off the traveled portion of the road.
5. Unnecessary conversation with the driver is prohibited. Do not talk loudly or distract the driver's attention. Remember, your safety is in his/her hands.
6. Outside of ordinary conversation, classroom conduct is to be observed. Bus drivers are required to report disturbances to the principal of schools. Students causing disturbances will be disciplined. Order must be maintained on the buses to prevent accidents.
7. Pupils must not throw waste paper, gum or other rubbish on the floor or out the windows of the bus.
8. Live animals, other than trained service animals, whether caged or loose, (including insects) are not permitted on bus.
9. Pupils must not extend arms or head out of the bus windows.
10. Pupils must not try to get on or off the bus or move about within the bus while it is in motion. Students must remain in seats.
11. When leaving the bus, pupils must observe directions of the driver. If you cross the road, do so in front of the bus after making sure the highway is clear and on the direction of the driver.
12. During stormy weather when the buses cannot make their routes, school will be dismissed. If the buses do not run, this information will be announced over area radio/TV stations no later than 7:00 a.m. There may be occasions when the schools will be dismissed early because of weather conditions or other factors. Parents must make the necessary arrangements in case the schools are dismissed early. If you do not want your children to ride the bus home early, please make arrangements to pick them up at school. You should contact your child's principal if your child is to remain at school until she/he is picked up. School personnel cannot be responsible for your children unless arrangements are made. Please plan in advance and if we can assist you in any way please call us.
13. Students requesting to be picked up or let off at some place other than the normal loading or unloading point must present a written request from the parent, before this permission will be granted. The written request will state the period of time that the student is to be picked up or let off at this new point.
14. Radios are allowed on the bus with the use of headphones only.
15. Food and/or drinks are not allowed on the bus without permission of the bus driver. Glass containers are not allowed.
16. Acts of vandalism on a school owned vehicle will not be tolerated. Discipline will involve notification to parents, removal from the bus (short or long term) and costs for damages assessed.

OPPORTUNITIES with IMPACT

Alternative High School Courses are those which need to be recovered or are not offered as part of the Moundridge High School curriculum or not taught by MHS staff. These courses fall into the following categories:

1. High school credit only
2. Dual high school and college credit
3. College Credit Classes.

Upon discretion of the counselor and administration, students will use Odysseyware or Aleks program to recover courses that were not passed to keep student moving forward towards graduation.

Dual credit courses are those offered through an approved agreement between a post secondary institution and Moundridge High School. Students who satisfactorily complete these courses receive both high school and college credit. Students who choose to take dual credit courses are responsible for all costs of the course and will take full responsibility to complete these courses. Students/parents will be fully responsible for all expenses associated with participating in dual credit courses. Students will be assigned to the IMPACT classroom for these classes.

College credit courses are available to juniors and senior who have time in their schedule to take a course towards a college degree. They have no bearing on the student's high school standing.

Summer Courses

Students may take summer courses at their expense only if approved by the Principal. Options that will be considered:

1. Student is making up a failed credit from a previous year.

All courses/content must be pre-approved to be considered.

On-Line Course Etiquette

1. Be courteous and friendly. While you may disagree with a comment, do not attack the person.
2. Place comments in context. Refer back to earlier entries when needed for detail, or repeat a little of the issue being referred to, so that the reader knows the context of your comments.
3. Enter efficient and effective comments. Say what you need to say but don't say too much. If you want comments to your entry, say so, let the reader know what is expected in the way of further dialog.
4. Refrain from inappropriate comments. Keep comments and discussions positive.
5. Think before pressing "send" button. It is best not to respond in haste or in a moment of frustration.
6. Manage time and schedule effectively in order to meet course requirements.

STUDENT DRESS/APPEARANCE

The purpose of the dress code is to emphasize neatness and decency appropriate for a school and education atmosphere. MHS uses dress code as a way for a student to learn the difference in clothing styles appropriate for different settings they find themselves in from the classroom, to musical performance, to forensics competition, to the athletic court. Dress Code is not always about “YOU”, it is about ensuring that all those around you are as comfortable with what you are wearing as you are. Students are encouraged to dress in a way that matches their inner personality while respecting any differing viewpoints that their peers might have.

The following are school and activity appearance expectations:

- No school dress code can seem to cover all situations. If a student by his/her behavior or appearance, interferes with the learning of others, or constitutes a threat to the safety or health of others, he/she will be asked to change their dress/attire.
 - A coach or activity sponsor has control over the appearance of the student while the student is participating in said coach’s activity.
- No clothing or body adornments with offensive, sexually suggestive, vulgar, profane, ethnically derogatory messages/pictures/symbols, illegal substances, drug paraphernalia, tobacco, or alcohol are allowed.
- No articles of jewelry, or articles of clothing, which are potentially hazardous, such as chains or studded bands, or have sharp points, etc. are allowed.
- No clothing or style identified to be associated with gangs or gang activities.
- No outdoor clothing including headgear, sunglasses, or gloves.
- All tops and shirts must have a full front and back, full sides and over the shoulder straps
 - no halter tops, tube tops, spaghetti strap tank tops, undershirts, or tanks that show either midriff or undergarment
- No clothing that shows flesh on the body in the area from the underarm to the mid thigh.
- No clothing that shows any undergarments or private body parts. If undergarments or privates are seen, then it is not enough clothing, so cover it up!
- No clothing that is deemed see-through (standing or bending over) will be allowed without a shirt that covers at least to where the halfway point would lie on pockets if they existed on the pants.

The final determination as to whether clothing is or is not acceptable will be made by the Principal. The basis for the judgement is if the clothing is deemed to be a distraction to your peers from the educational environment.

GRADUATION DRESS CODE

Graduation is a special occasion. The dress for graduates will be dress clothes. Ladies will wear professional dress clothes and dress shoes. The campus of Moundridge High School is equipped with surveillance cameras to help make for a more secure building and monitor the interior and exterior of the buildings.

CHEATING

Cheating is an act of fraud by which a student implies that mastery of concepts has occurred. This act includes the giving or receiving of unauthorized help in an academic exercise. Examples include, but are not limited to:

- Copying from another student's assignment paper, test paper, or project:
- Allowing another student to copy one's work in a test, project, or assignment situation:
- Using unauthorized materials/equipment during a test; for example, notes, textbook, formula lists, information on an electronic device, notes written on clothing or body, and symbolic representations;
- Resubmitting the same work that was produced for another assignment or course without the permission of the instructor;
- Doing a test, assignment, or project for someone else or permitting someone else to do the test, assignment or project for you.

Students who are involved in this form of fraud will undergo the consequence of the teacher who this act of fraud happened with.

PLAGIARISM

Plagiarism is a difficult concept to define. It includes a range of actions from failure to use proper citation to wholesale cheating. A student who plagiarizes may do so unintentionally or with malicious deliberation. In 'Helping Students Avoid Plagiarism' Stephan Wilhoit lists the following types of plagiarism:

- Buying a paper from a research service or term paper mill. (III)
- Turning in another student's work without that student's knowledge. (I, II or III)
- Turning in a paper a peer has written for the student. (III)
- Copying a paper from a source text without proper acknowledgement/citation. (II or III)
- Copying materials from a source text, supplying proper documentation, but leaving out quotation marks. (I or II)
- Paraphrasing materials from a source text without appropriate documentation. (I or II)

Levels of Plagiarism:

Level I: would involve the student's use of phrases or a few lines of text or a paragraph without proper citation. Most of the student's work is still his or her own.

Level II: plagiarism is more serious. It involves the student's use of multiple paragraphs of someone else's work, and/or the use of someone else's ideas without the proper attribution, and/or repeated paraphrasing without proper attribution. While some of the work is the student's own, it is clear that significant portions of the student's work are not his/her own.

Level III: most, if not all, of the work has been copied from another source or produced by someone other than the student.

Level IV: plagiarism occurs when the student has plagiarized, in any way for the second time.

Range of Consequences for Plagiarism: (consequences are upon the discretion of the teacher, but the following is recommended.)

Level I: A grade reduction on the assignment in question.

Level II: A grade of zero (0) for the assignment in question with no opportunity to make up that work in any way, including extra credit work.

Level III: If the severity of the situation merits it, the student shall be given a grade of F for the quarter of the course in which the plagiarism has occurred. An F may equal zero to 69 points and shall be determined by the principal, counselor, and teacher of the class.

Level IV: For any subsequent occurrence in any course the student shall immediately be dropped from the course and receive an F for the semester grade.

SEXUAL/RACIAL HARASSMENT

U.S.D. #423 rejects discrimination based on race, creed, color, gender, or sexual orientation. Harassment on the basis of these characteristics interferes with a person's dignity and undermines the atmosphere of trust and respect, which are essential to academic and personal well-being. MHS is committed to providing a safe environment for all students and staff, one which is conducive to both learning and working.

Sexual harassment/sexual violence is a form of sex discrimination that violates Section 703 of Title VII of the Civil Rights Act of 1964, as amended. Sexual harassment/sexual violence may include but is not limited to written and/or verbal harassment or abuse, indecent proposition, subtle pressure for sexual favors, unwelcoming touching or sexual advances, indecent exposure, or inappropriate physical contact of a sexual nature which substantially interferes with a student's performance or creates an intimidating hostile or offensive school/work environment.

Any student who believes he or she has been the victim of harassment based on race, creed, color, gender or sexual orientation by a student or an employee of USD #423 should report the alleged acts immediately to the building principal or counselor. To the extent possible, the building principal and/or counselor will maintain confidentiality throughout the investigation of a complaint. The desire for confidentiality must be balanced with the school's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

Any act of retaliation against any person who has filed a complaint or testified in an investigation regarding this policy is subject to immediate disciplinary action, up to expulsion.

SKIPPING SCHOOL

Students who skip or cut school, with or without their parents' permission, may be placed on probation, may be required to make up time and/or receive other disciplinary action. **Senior skip days are not recognized by Moundridge High School.** Such an absence would be considered unexcused and treated accordingly.

DETENTION SESSIONS

Detentions will be assigned by the principal, based on referrals from the staff, or observed behaviors. Detention days and times will be determined by the principal. The procedure will be:

1. Students are required to study. No technological devices are allowed unless approved in advance.
2. No food, candy, pop, entertainment/electronic devices, etc. will be allowed.
3. Any lack of cooperation will result in removal from the session.
4. Students must provide their own transportation.
5. Failure to serve detention time by the assigned deadline will cause the student to be considered "not in good standing" and will cause them to be ineligible to participate in activities, attend activities, or go on field trips. Furthermore, time may be doubled or ISS may be assigned, or further consequence as determined by the administration.

OUT-OF-SCHOOL SUSPENSION

Out-of-school suspensions will be issued for offenses severe in nature, and for repeated violations of school regulations. Parents or guardians will be notified prior to a student being suspended out of school. Out-of-school suspensions will not be able to attend school activities, participate in school activities, and/or practice in school activities from the start of the suspension to the morning after the suspension ends.

EXTRA-CURRICULAR ACTIVITIES PHILOSOPHY

Moundridge USD 423 will offer activities and athletic programs that are highly competitive, environmentally safe, and educationally sound. We believe that interscholastic activities and athletics are an integral part of the total school educational experience. Our purpose is to aid in the development of our middle level and high school student by providing educational experiences not otherwise available in the classroom. We feel that activities provide valuable experiences for the development of life skills and promote pride in his/her school and community.

Our sponsors and/or coaches will provide quality instruction and model exemplary conduct. Our students will learn the virtues of responsibility, commitment, dedication, self-discipline, self-confidence, and respect for self and others. Students will maintain a healthy spirit of competition without jeopardizing sportsmanship, good citizenship, and fair play.

All eligible USD #423 students in good academic and disciplinary standing are entitled to an opportunity to participate in the district's activity and athletic programs. The control of and responsibility for all activity and athletic programs will rest entirely with the sponsors, coaches, and administrators of Moundridge Middle and Senior High School, the Heart of America League, and Kansas State High School Activities Association, and the National Federation of State High School Association.

SPORTSMANSHIP POLICY

As a representative of Moundridge High School, proper sportsmanship must be exhibited at all activities. The following guidelines apply:

1. Be courteous to all.
2. Know the rules, abide by and respect the official's decision.
3. Win with character and lose with dignity.
4. Display appreciation for good performance regardless of the team.
5. Exercise self-control and reflect positively upon yourself, team and school.
6. Permit only positive sportsmanlike behavior to reflect on your school or its activities.
7. Students unable to conform to positive sportsmanship expectations may be suspended from activity participation.

EXTRACURRICULAR CONDUCT POLICY

Rules regarding the personal conduct and appearances of students representing Moundridge High School in extracurricular activities will be set and enforced by instructors, sponsors, and coaches responsible for each organization. Students will be made aware of said rules at the start of each school year or season. Instructors, sponsors, and coaches will make and enforce rules in compliance with KSHSAA regulations and USD 423 policies. The guiding principle will be that a student's personal conduct and appearance not draw attention from the organization or team to the individual.

NON-ATTENDANCE AND ELIGIBILITY

For a student to participate in an interscholastic activity and/or practice, the student must have been in attendance at school by 10:00am unless arrangements have been made with the building administrator by 8:15 a.m. the day of the activity. Exceptions to this rule are a doctor's appointment, a funeral, etc. The administrator will make final determination. Students who do not attend school may not attend district activities that afternoon or evening. Exceptions must be cleared by the Principal.

ACADEMIC ELIGIBILITY REQUIREMENTS FOR PARTICIPATION IN STUDENT ACTIVITIES

Students choosing to represent Moundridge High School by participating in any of the activities available must meet the minimum standard of academic preparation. This minimum standard consists of the following:

1. Must meet KSHSAA academic and good standing requirements. Pass 5 classes each semester.
2. May not have a failing grade in a specific class for 2 weeks consecutively. *See next heading for specific expectations on p. 21.

EXTRA-CURRICULAR DRUG/ALCOHOL POLICY

Involvement in Moundridge activities and athletics is an honor and a privilege. As a member of a school team, organization, or play/musical cast, a student's behavior at school, at school sponsored events both on and off campus, and in the community reflects not only on the student and the student's family but on the team/activity members, the program, the school and the community. Participation in MHS extra-curricular activities is a commitment by the participant to exercise good judgment in all affairs, to represent self, school, family, and community in the most positive manner at all times, and to encourage others including team/activity members to share these ideals and to abide by extra-curricular regulations.

The following policy shall be in effect for the entire school year and all subsequent high school years, to include the beginning of athletic practice in August and to end with state track. It shall be in effect 24 hours a day and at any place in which the participant may be present. Sponsors of school activities that are held during the summer will inform the participants of expectations and consequences relating to this policy.

A Medical Review Officer- (MRO) is a licensed physician who is trained and certified in the process and interpretation of drug testing results.

A Third Party Administrator- (TPA) shall be a company selected by USD 423 to administer the Student Substance Abuse Testing Program.

Eligible Student- is any student participating in an extra-curricular activity and any student who name has voluntarily been placed in the random testing pool.

The form will indicate that both participants and parents/guardians have read and fully understand policy. The form will authorize the random testing of urine specimens, hair samples, or breath samples for the purpose of detecting illegal substances and performance-enhancing drugs. The form will be signed and dated by both participants and custodial parents/guardians. No student will participate in any extra-curricular event until the signed consent form is on file in the appropriate school office.

Random Testing- Two random testing pools will be established, one for grades 7-8 and one for grades 9-12. Both pools will be maintained by the Third Party Administrator (TPA) contracted by USD 423. A list of eligible students shall be supplied by USD 423 to the TPA. The percentage of eligible students to be tested during the school year shall be agreed upon by the district and the TPA on a yearly basis. All random selections will be made by the TPA.

1. Students will be required to provide hair samples, breath, or saliva samples as follows:
 - a. The TPA shall determine the number of eligible students to be tested each month.
 - b. In addition, students whose names are in the random testing pool may be tested at any time based on reasonable suspicion.
2. Any substance abuse test required by USD 423 under the terms of this policy will be administered by or at the direction of the TPA chosen by the district using scientifically validated toxicological methods. For the most part tests will be performed on urine samples obtained as previously described. However, random tests will be performed on hair samples or breath samples, the number of which will be determined by a percentage agreed upon by the laboratory and the district. The TPA shall be required to have detailed written specifications to assure chain of custody of the specimens, proper laboratory control, and scientific testing.
3. All aspects of the substance abuse testing program, including the taking of specimen, will be conducted so as to safeguard the personal and privacy rights of students. If urine is to be tested, the test specimen shall be obtained in a manner designed to minimize intrusiveness. The monitor shall not observe the student while the specimen is being produced, but shall be present outside of the stall to listen for the normal sounds of urination in order to guard against the specimen being tampered with and to ensure the chain of custody. The monitor shall verify the normal warmth and appearance of the specimen. If at any time during the testing procedure the monitor has reason to believe or suspect that a student has tampered with the specimen, the monitor may stop the procedure and inform the principal who will then determine if a new specimen is to be obtained.
4. If the test for any student has a positive result, the TPA will contact the custodial parent or guardian and solicit any information on medication which would create a positive test result. A medical review officer will confirm the positive result and contact first the parent/guardian and then the principal. The principal will then schedule a conference with the parents/guardian, the student, and the activity sponsor/head coach. At the conference the principal will solicit an explanation of the positive test result.
5. USD 423 will rely on the evidence supplied by the TPA. The burden of proof to the contrary shall be born by the student.
6. The decision by the principal may be appealed in writing to the superintendent of schools within five working days. The superintendent shall render a written decision within five working days.
7. The decision of the superintendent may be appealed in writing within five working days to the Board of Education. The decision of the Board of Education may be appealed to the District Court as permitted by law.
8. Parents/guardians of students who test negative on the initial substance abuse test will be contacted by district personnel within five days of testing.

Failure to submit: If any student refuses to submit to a substance abuse test authorized under this policy, such student shall be subject to the same consequences of a positive test. Students in this category will be considered as having their first violation of the USD 423 Substance Abuse Policy.

Note: Behavior which constitutes a refusal to submit to testing shall include:

1. Refusing to provide specimen. This includes an insufficient volume of urine without a valid medical explanation.
2. Tampering with, adulterating, or substituting a specimen.
3. Failing to appear for testing within 5 minutes of being notified.
4. Once a test is underway, failing to remain at site until dismissed by the testing monitor.
5. Failing to permit a monitored collection when required.
6. Failing to take a second test when required.
7. Failing to undergo a medical examination when required.
8. Failing to cooperate with any part of the testing process.

A violation of this policy will result in a student not participating in the next **2 weeks worth of** extra-curricular activity/events that student was scheduled and/or planning to participate in. The student will be required to take part in a counseling/education session from a competent substance abuse counselor or attend classes established through the school. It should be noted that this is a minimum penalty and the coach/sponsor has the option to impose a more severe penalty. At the beginning of each season/school year, coach/sponsor will inform the students of consequences relating to this policy.

For an underclassman, an incomplete consequence will carry over to the next school year.

After the student attends the classes, the student and parent/guardian must meet with the coach/sponsor and/or administration to be reinstated on the team or in the activity. **A second offense in the school year will result in permanent suspension from all extra-curricular activities for the remainder of the school year.**

Concerns about situations leading to student violations of this policy may be referred to law enforcement.

*Sources: If a source such as, but not limited to, law enforcement officials, faculty members, school administration, or general common knowledge through the school relates information about a student's violation of this policy, validity of the allegation will be screened by the principal, A.D., and the sponsor. If the information is substantiated, the student will be counseled and action taken as described above.

*Extracurricular activity is defined as athletic teams, cheerleading, dance team, forensics, debate(NFL), NHS, scholars' bowl, musical/play choir, band, singers, play/musical/concerts, student council, FFA, and FCCLA or other school sponsored event occurring during the assigned weeks of non-participation (ie.- dances, ball game attendance, etc.). Coaches/Sponsors of affected participants may have the discretion to determine whether or not that student attends the event as part of the team. Each program is expected to outline their procedure for suspended participants at the start of the season. If academic grade is part of extracurricular activity, violation of policy will allow for alternate assignment to replace activity missed.

PHYSICAL EXAMINATIONS

Coaches of athletic teams will not issue equipment or allow any student to participate in any sport until that student's parent physician certificate of permission has been filed with the building principal. Cheerleaders must also have a parent physician certificate of permission on file. The examination may not be taken earlier than May 1 nor later than the first practice session for the activity in which the student participates.

Class or organization sponsors will attend these class functions as part of the normal duties.
