

FIELD TRIP PERMISSION FORM
WITHIN THE CITY LIMITS
2021-2022

Grade

Student's Name

Dear Parents:

As a part of the educational program of the children in our school, it would be necessary to leave the school building on numerous occasions during the school year. For example, the teacher may wish to take the children to the fire station, post office, to visit a farm, or to other places of interest, which would necessitate travel by car or bus; at another time the teacher may wish to merely walk for a few blocks. The teacher would, of course, use discretion as to the frequency of these periods and would also take into consideration the weather.

It is more convenient to get your permission for walking or bus travel within the city limits than to send home an individual request for each activity. However, you will be notified in advance of any major excursion that the group may take. If this is agreeable, will you please sign the blank at the bottom of this page?

+ + + + +

I hereby give permission for my child to be taken on any educational trips, within the city limits, either by bus or on foot, to places of interest, which might be a part of the regular school program.
