A copy of the annual report may be given to the board on or before the regular board meeting in June or upon request.

School transportation providers shall receive a copy of this policy annually on registering their driving certification with the superintendent.

SAMPLE: FAMILY AND MEDICAL LEAVE PLAN

Family and medical leave as required by federal law shall be granted for a period of up to 12 weeks during a 12-month period. For purposes of this policy, a 12-month period shall be defined as a fiscal year beginning on July 1 and ending the following June 30. Spouses employed by the district may only take an aggregate of 12 weeks of leave for the birth or adoption of a child within a 12-month period.

Leave is available for the following:

(1) the birth of a son or daughter of the employee and to care for the newborn child;
(2) the placement of a son or daughter with the employee for adoption or foster care and to care for the newly placed child;
(3) to allow the employee to care for the employee's spouse, son, daughter, or parent with a serious health condition;
(4) a serious health condition of the employee that makes the employee unable to perform the functions of his or her job;
(5) any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a covered military member on active duty (or has been notified of an impending call or order to achieve active duty) in support of a contingency operation; and
(6) the need to care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin of the service member. Eligible employees are, for reason (6) only, entitled to a combined total of 26 workweeks of leave during a 12-month period.

(Leave for reason 1 or 2 must be taken within 12 months of the date of birth or placement of the child.)

This leave shall normally be unpaid leave. However, if the employee has any paid vacation, personal, or sick leave that is available for use because of the reason for the leave, the paid leave shall be used first and counted toward the annual family and medical leave. The superintendent will notify the employee of the beginning date of family and medical leave and the amount of the employee’s accrued paid leave designated as family and medical leave.

The employee is eligible for family and medical leave if he or she has been employed by the district for at least 12 months and has worked at least 1,250 hours during the 12-month period immediately preceding the commencement of the FMLA leave.

During the period of any unpaid family and medical leave, the board shall continue to pay the employer's share of the cost of group health benefits in the same manner as paid immediately prior to the leave. Any employee portion of the cost shall be paid by the employee to the clerk of the board on the payroll date or other time as the employee and superintendent may agree prior to the
commencement of the leave. The board may terminate group health coverage if the employee's portion of the payment is not received within 30 days of the due date, so long as written notice of the delinquency in payment and the notice of intent to terminate coverage are sent at least 15 days prior to the termination.

When leave is foreseeable, the employee shall give written notice 30 days in advance. If leave is not foreseeable, notice will be given as soon as is practicable.

Upon the employee providing notice of need for leave, the employer will notify the employee of the following within 5 business days, absent extenuating circumstances:

a. whether or not the employee is eligible for FMLA leave;
b. the reasons that leave will or will not count as family and medical leave,
c. any requirements for medical certification,
d. employer requirement of substituting paid leave,
e. requirements for premium payments for health benefits and employee responsibility for repayment if employer pays employee share,
f. right to be restored to same or equivalent job, and

Family leave (reasons 1 or 2) may not be used intermittently or on a part-time basis without the prior approval of the superintendent.

The superintendent may require an instructional employee to continue leave until the end of a semester if the leave begins more than five (5) weeks before the end of a semester, lasts more than three (3) weeks and the return would occur during the last three (3) weeks of the semester.

If the leave is for a reason other than the employee's serious health conditions or for a qualifying exigency as described in section (5) above, the superintendent may require an instructional employee to continue leave until the end of a semester, if:

1. the leave begins in the last five (5) weeks of a semester, will last more than two (2) weeks and the return to work would occur in the last two (2) weeks of a semester, or

2. the leave begins in the last three (3) weeks of a semester, and lasts more than five (5) days.

Cole St., Moundridge, KS 67107- (620) 345-5500 has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990.

Complaints of discrimination should be addressed to an employee’s supervisor or to the building principal or the compliance coordinator. Complaints against the superintendent should be addressed to the board of education.

Complaints of discrimination will be resolved using the district’s discrimination complaint procedures.

Approved: October 11, 2010
The board of education is committed to providing a positive and productive working and learning environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment will not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be a violation for any employee to discourage a student or another employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy. Violation of this policy by any employee shall result in disciplinary action, up to and including termination.

Sexual harassment shall include, but not be limited to, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment; (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile or offensive working environment.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning an employee’s job status.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of sexual harassment will be promptly investigated and resolved.

Employees who believe they have been subjected to sexual harassment should discuss the problem with their immediate supervisor. If an employee’s immediate supervisor is the alleged harasser, the employee should discuss the problem with the building principal or the district compliance coordinator. Employees who do not believe the matter is appropriately resolved through this meeting may file a formal complaint under the district’s discrimination complaint procedure. (See KN)
Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may also result in employee discipline.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Initiation of a complaint of sexual harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including termination of employment.

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district’s obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and related materials shall be posted in each district facility. The policy shall also be published in student, parent and employee handbooks as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually.

Initiation of a complaint of racial or disability harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a racial or disability harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to termination of employment.

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district’s obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

False or malicious complaints of racial or disability harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and related materials shall be posted in each district facility. The policy shall also be published in student, parent and employee handbooks as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually.

Any district employee who has reason to know or suspect a child has been injured as a result of physical, mental or emotional abuse or neglect or sexual abuse, shall promptly report the matter to the local Kansas Department for Children and Families (DCF) office or to the local law enforcement agency if the DCF office is not open. Employees may file a report of suspected abuse anonymously to either DCF by phoning 1-800-922-5330 or to local law enforcement officials. The Code for Care of Children also provides civil immunity from prosecution if the report is made in good faith.

The employee making the report will not contact the child’s family or any other persons to determine the cause of the suspected abuse or neglect.

**DCF or Law Enforcement Access to Students on School Premises**

The building principal shall allow a student to be interviewed by DCF or law enforcement representatives on school premises to investigate suspected child abuse and shall act as appropriate to facilitate the agency’s access to the child and to protect the student’s interests during the process. State law grants the investigating agency the authority to determine whether a school employee may be present while the interview is being conducted, taking into account the child’s best interests. If asked to sit in on the interview by the agency representative conducting it, the building principal or designee thereof shall oblige such request in order to provide comfort to the child throughout the process and to facilitate the investigation.

**Cooperation Between School and Agencies**

Principals shall work with DCF and law enforcement agencies to develop a plan of cooperation for investigating reports of suspected child abuse or neglect. To the extent that safety is not compromised, law enforcement officers investigating complaints of suspected child abuse or neglect on school property shall not be in uniform.

**Reporting Procedure**

The employee shall promptly report to the local DCF office or law enforcement if DCF is closed. It is recommended the building administrator also be notified after the report is made.

If the building principal has been notified, the principal shall immediately notify the superintendent that the initial report to DCF has been made. If appropriate, the principal may confer with the school's social worker, guidance counselor or psychologist. At no time shall the principal or any other staff member prevent or interfere with the making of a suspected child abuse report.

If available, the following information shall be given by the person making the initial report: name, address and age of the student; name and address of the parents or guardians; nature and extent of injuries or description of neglect or abuse; and any other information that might help establish the cause of the child’s condition.
Any personal interview or physical inspection of the child by any school employee shall be conducted in an appropriate manner with an adult witness present.

State law provides that anyone making a report in good faith and without malice shall be immune from any civil liability that might otherwise be incurred or imposed.

GAAF   Emergency Safety Interventions (See GAO, JRB, JQ, and KN)GAAF

The board of education is committed to limiting the use of Emergency Safety Interventions (“ESI”), such as seclusion and restraint, with all students. Seclusion and restraint shall be used only when a student's conduct necessitates the use of an emergency safety intervention as defined below. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.

This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school’s code of conduct, school safety plan, or student handbook.

Definitions (See K.A.R. 91-42-1)

“Emergency Safety Intervention” is the use of seclusion or physical restraint.

“Seclusion” means placement of a student in a location where all of the following conditions are met: (1) the student is placed in an enclosed area by school personnel; (2) the student is purposefully isolated from adults and peers; and (3) the student is prevented from leaving, or reasonably believes that he or she will be prevented from leaving the enclosed area.

“Chemical Restraint” means the use of medication to control a student’s violent physical behavior or restrict a student’s freedom of movement.

“Mechanical Restraint” means any device or object used to limit a student’s movement.

“Parent” means: (1) a natural parent; (2) an adoptive parent; (3) a person acting as a parent as defined in K.S.A. 72-1046(d)(2), and amendments thereto; (4) a legal guardian; (5) an education advocate for a student with an exceptionality; or (7) a student who has reached the age of majority or is an emancipated minor.

“Physical Restraint” means bodily force used to substantially limit a student’s movement, except that consensual, solicited or unintentional contact and contact to provide comfort, assistance or instruction shall not be deemed to be physical restraint.

“Physical Escort” means the temporary touching or holding the hand, wrist, arm, shoulder, or back of a student who is acting out for the purpose of inducing the student to walk to a safe location.

“Time-out” means a behavioral intervention in which a student is temporarily removed from a learning activity without being confined.
Prohibited Types of Restraint

All staff members are prohibited from engaging in the following actions with all students:

• Using face-down (prone) physical restraint;
• Using face-up (supine) physical restraint;
• Using physical restraint that obstructs the student’s airway;
• Using physical restraint that impacts a student’s primary mode of communication;
• Using chemical restraint, except as prescribed by a licensed healthcare professional for treatment of a medical or psychiatric condition; and
• Use of mechanical restraint, except:
  o Protective or stabilizing devices required by law or used in accordance with an order from a licensed healthcare professional;
  o Any device used by law enforcement officers to carry out law enforcement duties; or
  o Seatbelts and other safety equipment used to secure students during transportation.

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

Seclusion Restrictions

A student shall not be subjected to seclusion if the student is known to have a medical condition that could put the student in mental or physical danger as a result of seclusion. The existence of such medical condition must be indicated in a written statement from the student’s licensed health care provider, a copy of which has been provided to the school and placed in the student’s file.
When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times. All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student and shall be well-ventilated and sufficiently lighted.

Training
All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on the use of emergency safety interventions. The intensity of the training provided will depend upon the employee’s position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain documentation regarding the training that was provided and a list of participants.

Notification and Documentation
The principal or designee shall notify the parent, or if a parent cannot be notified then shall notify an emergency contact person for such student, the same day the ESI was used. Documentation of the ESI used shall be completed and provided to the student’s parents no later than the school day following the day on which the ESI was used. The parent shall be provided the following information after the first and each subsequent incident in which an ESI is used during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent’s rights; (3) information on the parent’s right to file a complaint through the local dispute resolution process (which is set forth in this policy) and, once it has been developed, the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident involving the use of emergency safety interventions, the foregoing information shall be provided in printed form and upon the occurrence of a second or subsequent incident shall be provided through a full website address containing such information.
In addition, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the intervention,
- Type of intervention,
- Length of time the intervention was used, and
- School personnel who participated in or supervised the intervention.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

**Reporting Data**

District administration shall report ESI data to the state department of education as required.

**Three (3) Incidents of ESI for Same Student**

If a student with an IEP or a Section 504 plan has three incidents of ESI in a school year, then such student’s IEP team or Section 504 team shall meet within ten (10) days following the third incident to discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan or amend the behavior intervention plan if already in existence, unless the IEP team or Section 504 team has agreed on a different process.

If a student without an IEP or Section 504 plan has three incidents of ESI in a school year, then the school staff and the parent shall meet within ten (10) days following the third incident to discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student’s parent, a school administrator for the school the student attends, one of the student’s teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings after a third ESI incident shall be invited to attend the meeting. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student who has not had three ESI incidents in a school year.
Local Dispute Resolution Process

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the ESI.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings and recommended action to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education. Once such a procedure has been developed, a parent may file a complaint under the state board of education complaint process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

Employees are entitled to military leave under the Uniformed Services Employment and Reemployment Act of 1994. The Act applies to military service that began on or after December 12, 1994 or military service that began before December 12, 1994 if the employee was a reservist or National Guard member who provided notice to the employer before leaving work.

Reemployment rights extend to persons who have been absent from work because of “service in the uniformed services.” The uniformed services consist of the following military branches:

- Army, Navy, Marine Corps, Air Force or Coast Guard.
- Army Reserve, Navy Reserve, Marine Corps Reserve, Air Force Reserve or Coast Guard Reserve.
- Army National Guard or Air National Guard.
- Commissioned corps of the Public Health Service.
- Any other category of persons designated by the President in time of war or emergency.

“Service” in the uniformed services means duty on a voluntary or involuntary basis in a uniformed service, including:

- Active duty.
- Active duty for training.
- Initial active duty for training.
- Inactive duty training.
- Full-time National Guard duty.
- Absence from work for an examination to determine a person’s fitness for any of the above types of duty.

The employee may be absent for up to five (5) years for military duty and retain reemployment rights. There are, however, exceptions which can exceed the five (5) year limit. Reemployment protection does not depend on the timing, frequency, duration or nature of an individual’s service. The law enhances protections for disabled veterans including a requirement to provide reasonable accommodations and up to two (2) years to return to work if convalescing from injuries received during service or training.

The returning employee is entitled to be reemployed in the job that they would have attained had they not been absent for military service, with the same seniority, status and pay, as well as other rights and benefits determined by LAW. If necessary, the employer must provide training or retraining that enables the employee to refresh or upgrade their skills so they can qualify for reemployment. While the individual is performing military service, he or she is deemed to be on a furlough or leave of absence and is entitled to the non-seniority rights accorded other individuals on non-military leaves of absence. Individuals performing military duty of more than 30 days may elect to continue employer sponsored health care for up to 18 months at a cost of up to 102 percent of the full premium. For military service of less than 31 days, health care coverage is provided as if the individual had never left. All pensions which are a reward for length of service are protected.
**GARID Military Leave**

Individuals must provide advance written or verbal notice to their employers for all military duty. Notice may be provided by the employee or by the branch of the military in which the individual will be serving.

Notice is not required if military necessity prevents the giving of notice; or, if the giving of notice is otherwise impossible or unreasonable.

Accrued vacation or annual leave may be used (but is not required) while performing military duty. The individual’s timeframe for returning to work is based upon the time spent on military duty.

</tr>
</thead>
<tbody>
<tr>
<td>Less than 31 days:</td>
<td>Must return at the beginning of the next regularly scheduled work period on the first full day after release from service, taking into account safe travel home plus an eight (8) hour rest period.</td>

<tr>
<td>More than 30 but less than 181 days:</td>

</tr>
<tr>
<td>More than 180 days:</td>

</tr>
</tbody>
</table>

The individual’s separation from service must be under honorable conditions in order for the person to be entitled to reemployment rights. Documentation showing eligibility for reemployment can be required. The employer has the right to request that an individual who is absent for a period of service of 31 days or more provide documentation showing:

- the application for reemployment is timely;
- the five-year service limitation has not been exceeded; and
- separation from service was under honorable conditions.

If documentation is not readily available or does not exist, the individual must be reemployed. However, if after reemploying the individual, documentation becomes available that shows one or more reemployment requirements were not met, the employer may terminate the individual, effective immediately. The termination does not operate retroactively.

Questions should be directed to Veterans' Employment and Training Service, U.S. Department of Labor.

Kansas law also requires reemployment if an individual is called to active duty by the state.

Approved: October 11, 2010
The board encourages district employees to use technology, including communication devices, to improve efficiency and safety. The district expects all employees to use communication devices in a responsible manner that does not interfere with the employee's job duties. Employees who violate district policies and procedures governing the use of communication devices may be disciplined, up to and including termination, and may be prohibited from possessing or using communication devices while at work. Communication devices may not be used in any manner that would violate the district's policy on student-staff relations.

Definitions

"Communication device" is defined to include all portable devices that send or receive calls or text messages, allow the retrieval of email, or provide access to the Internet. Communication devices shall include, but may not be limited to cell phones, smart phones, iPads, and tablets.

"Use/Using" for the purposes of this policy mean answering or talking on the phone; sending or responding to a text, e-mail, or other communication; opening and viewing pictures or digital recordings; opening and listening to music or audio communications; accessing social media websites; playing games on such device; continuously checking a communication device; or any activity with a communication device that interferes with the employee's job duties or appropriate supervision of students.

General Use

The district prohibits employees from using any communication device that interrupts or disrupts the performance of duties by the employee or otherwise interferes with district operations, as determined by the employee's supervisor. This prohibition applies regardless of whether the communication device used is owned by the employee or provided by the district. Employees are responsible for keeping communication devices secure and, if possible, password protected.

Supervision of students and the provision of academic instruction are priorities in the district, and employees who are responsible for supervising and/or providing academic instruction to students must concentrate on these tasks at all times. Employees shall not use communication devices when they are responsible for supervising students or when their doing so interrupts or interferes with classroom instruction unless any of the following conditions occurs:

- The device is being used to instruct the students being supervised at the time;
- The use is necessary to the performance of an employment-related duty;
- The employee has received specific and direct permission from a supervisor to do so; or
- There is an emergency.
Even when these conditions exist, the employee is responsible for obtaining assistance in adequately supervising students during the approved use so that students are supervised at all times.

**Use in Vehicles**

Regardless of other provisions of this policy, unless there is an emergency, employees shall not use communication devices when:

- Driving district-provided vehicles;
- Operating a vehicle in which a student is being transported when the transportation is provided as part of the employee's job; or
- Supervising students who are entering or exiting a vehicle, crossing thoroughfares, or are otherwise attempting to safely reach their destinations.

Even in emergency situations, employees should first take all possible safety precautions before using communication devices. Employees are subject to local, state, and federal laws governing use of cell phones while driving and will be solely responsible for all traffic violation liabilities resulting from their use of a phone while driving.

**Use of District-Provided Communication Devices**

The district may provide communication devices and service to some employees to assist them in carrying out their employment-related duties on and off district property. Use of a district-provided communication device is a privilege. The superintendent or designee has sole discretion as to which employees will be provided communication devices and may recall any previously issued communication device. Employees do not have any expectation of privacy in district-provided communication devices or any information stored on them, and such devices may be confiscated and searched at any time.

Employees are expected to exercise reasonable care to protect district-provided communication devices from damage or theft and must report any such incidents immediately. The district may require employees to reimburse the district for any damage or theft that was the result of the employee's negligence. Users of district-provided communication devices must abide by any use limitations included in the district’s service contract.

**Personal Use of District-Provided Communication Devices**

Personal use of district-provided communication devices is permissible as long as the use does not exceed the limits of the applicable plan. An employee whose use exceeds plan limitations will be required to reimburse the district for all expenses beyond those covered by the plan and may have privileges suspended or revoked unless the employee can show that all use was for employment-related duties and the device was not used for personal reasons. The amount of personal use of a communication device or service paid for under E-Rate can be no greater than the cost allocation submitted in the request.
Staff Use of Communication Devices

for the E-Rate discount. Staff members electing to use district communication devices for personal reasons will be subject to income tax liability for such benefit.

Staff Bring Your Own Device Policy
Use of employees’ personal communication devices during work hours shall be restricted to classroom or work-related activities. Such personal communication devices may only be used by the staff member and are not for student use. The security of personal computing devices is solely the responsibility of the staff member. Any loss resulting from damage or theft of personal communication devices in the school setting is not the responsibility of the district.

If all of the teachers have similar certifications, qualifications, training, skills, evaluations and interests and all are tenured, the teacher(s) who best meets the needs of the district, considering the factors outlined above and any other relevant factors, will be retained.

Any certified employee who has not been reemployed as a result of reduction of the teaching staff shall be considered for reemployment if a vacancy exists for which the teacher would qualify. Certified employees who may be eligible for reemployment are required to notify the district of their current address. JGEC  Sexual Harassment (See GAAC, GAAD, GAF, JDDC and KN) JGEC

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment shall not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination of the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when made by a member of the school staff to a student or when made by any student to another student when: (1) submission to such conduct is made, explicitly or implicitly, a term or condition of the individual’s education; (2) submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the purpose or effect of interfering with an individual’s academic or professional performance or creating an intimidating, hostile or offensive academic environment.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student’s grades, participation in extra-curricular activities, etc.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of sexual harassment and take prompt corrective action to end the harassment.

Any student who believes that he or she has been subjected to sexual harassment should discuss the alleged harassment with the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of sexual harassment from a student shall inform the student of the employee’s obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall
be reported to the district compliance coordinator. The building principal or
district compliance coordinator shall discuss the complaint with the student to
determine if it can be resolved. If the matter is not resolved to the satisfac-
tion of the student in this meeting, the student may initiate a formal complaint
under the district's discrimination complaint procedure.

Complaints received will be investigated to determine whether, under
the totality of the circumstances, the alleged behavior constitutes sexual har-
assment under the definition outlined above. Unacceptable student conduct
may or may not constitute sexual harassment, depending on the nature of the
conduct and its severity, pervasiveness and persistence. Behaviors which are
unacceptable but do not constitute harassment may provide grounds for disci-
pline under the code of student conduct.

An employee who witnesses an act of sexual harassment shall report
the incident to the building principal. Employees who fail to report com-
plaints or incidents of sexual harassment to appropriate school officials may
face disciplinary action. School administrators who fail to investigate and
take appropriate corrective action in response to complaints of sexual haras-
ment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child
abuse, the building coordinator or district coordinator shall report such con-
duct to the appropriate law enforcement or DCF authorities.

To the extent possible, confidentiality will be maintained throughout
the investigation of a complaint. The desire for confidentiality must be bal-
anced with the district's obligation to conduct a thorough investigation, to
take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting sexual harassment
shall not reflect upon the individual's status or grades. Any act of retaliation
against any person who has filed a complaint or testified, assisted, or partici-
pated in an investigation of a sexual harassment complaint is prohibited. Any
person who retaliates is subject to immediate disciplinary action, up to and
including expulsion for a student or termination of employment for an employ-
ee.

False or malicious complaints of sexual harassment may result in cor-
rective or disciplinary action against the complainant.

A summary of this policy and related materials shall be posted in each
district facility. The policy shall also be published in student, parent and em-
ployee handbooks as directed by the district compliance coordinator. Notifi-
cation of the policy shall be included in the school newsletter or published in
the local newspaper annually.

Unacceptable student conduct may or may not constitute racial or disability harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct. The discipline of a student for violation of any provision of the code of student conduct may be enhanced if the conduct is racially or disability motivated.

An employee who witnesses an act of racial or disability harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of racial or disability harassment to appropriate school officials may face disciplinary action. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a racial or disability harassment complaint is prohibited. When information is requested in compliance with a judicial order or pursuant to any lawfully issued subpoena, parent(s)/guardian and the student shall be notified of the orders or subpoenas in advance of compliance with the order or subpoena unless:

Approved: June 13, 2011
KN  Complaints (See BCBI, GAACA, GAAB, GAAF, IF, IKD and JCE)  KN

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. Whenever a complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to the administration for study and possible resolution.

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission or access to, or treatment or employment in the district’s programs and activities is prohibited. Harassment of an individual on any of these grounds is also prohibited. The Superintendent, 526 E. Cole St., Moundridge, KS 67107, (316-345-5500) has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990. Information concerning the provisions of these Acts, and the rights provided thereunder, are available from the compliance coordinator.

Complaints About Discrimination or Discriminatory Harassment

Complaints of discrimination or discriminatory harassment by an employee should be addressed to the employee’s supervisor, the building principal, or the district compliance coordinator. Complaints by a student should be addressed to the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of discrimination or harassment from a student shall inform the student of the employee’s obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. Complaints by any other person alleging discrimination should be addressed to the building principal or the district compliance coordinator. Complaints about discrimination, including complaints of harassment, will be resolved through the following complaint procedures:

Informal Procedures

The building principal shall attempt to resolve complaints of discrimination or harassment in an informal manner at the building level. Any school employee who receives a complaint of discrimination harassment from a student, another employee or any other individual shall inform the individual of the employee’s obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint, and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the principal shall contact the complainant to determine if the resolution of the complaint is acceptable.
matters remain acceptable. If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

**Formal Complaint Procedures**

- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. If an individual does not wish to file a written complaint and the matter has not been adequately resolved, the building principal may initiate the complaint. Forms for filing written complaints are available in each building office and the central office.

- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator or another individual appointed by the board. The investigation shall be informal but thorough. All interested persons, including the complainant and the person against whom the complaint is lodged, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

- A written determination of the complaint’s validity and a description of the resolution shall be issued by the investigator, and a copy forwarded to the complainant no later than 30 days after the filing of the complaint.

  ◊ If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.

  ◊ If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement or state law will be followed.

- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.
• The complainant may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board, or by the board itself as determined by the board. The request to appeal the resolution shall be made within 20 days after the date of the written resolution of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator and the investigator’s report, and shall afford the complainant and the person against whom the complaint is filed an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed. The appeal officer will issue a written determination of the complaint’s validity and a description of its resolution within 30 days after the appeal is filed.

• Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.
